

Porsche

	Vehicle	Radio
	Porsche	PCM 2.0/2.1 (2003-2009)
	Porsche	PCM 3.x (2009-2014)

NOTE: mObridge will not be held responsible for any echo issues experienced in the PCM3.x systems. These radios have a very 'brittle' window of echo cancellation in its Bluetooth processing. Many factors can contribute to the echo issues in these vehicles such as speaker placement and crossover selection.

Audi

	Vehicle	Radio
	Audi	MMI 2G
	Audi	MMI 3G/3G+

NOTE: The MMI3G system must be coded for the external amplifier.

BMW & Mini

	Vehicle	Radio
	BMW	All (except E65)

NOTE: The E65 with the ASK system is not compatible.

Land Rover / Range Rover

	Vehicle	Radio
	Land Rover / Range Rover	6CD (2005-2010)
	Land Rover / Range Rover	Touchscreen (2010-2017)

Mercedes Benz

	Vehicle	Radio
	Mercedes Benz	Any (2003-2008)
	Mercedes Benz	NTG 2.5/4.0/4.5/4.7

NOTE: The W211 E class from 2003-2008 with the NTG2.0 system is not compatible.

NOTE: The SLK 171 from 2005-2008 with the NTG2.0 system is not compatible.

Jaguar

	Vehicle	Radio
	All	Touchscreen (2010-2017)

NOTE: The vehicle must be coded by the dealership if it does not contain the factory MOST25 amplifier

Toyota

	Vehicle	Radio
	Supra	Idrive 2019 -
