

PRODUCT FEATURES:

- For use as a front or backup camera.
- Includes 5 mounting options.
- With parking guide lines (can be turned on/off).
- Horizontal flip image feature for front camera use.

PARTS INCLUDED:

BALL CAMERA

SQUARE MOUNT HOUSING

LIP MOUNT HOUSING

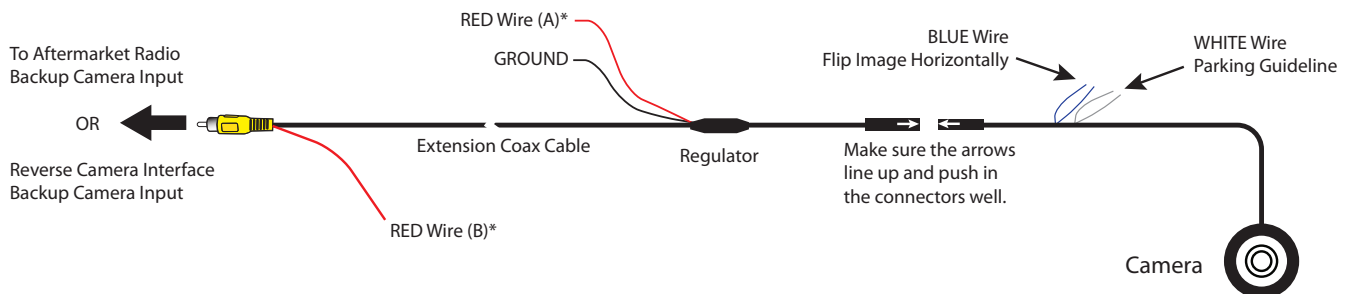

ADJUSTABLE ANGLE PUSH IN MOUNT HOUSING

RUBBER STICK-ON MOUNT HOUSING

LICENSE PLATE MOUNT

*NOTE: To power the camera, use RED Wire A or B. If tapping power from the radio or RVC Interface, make sure to insulate RED Wire A to avoid it from shorting. If you will be tapping power from the reverse light +12V, insulate RED Wire B to avoid it from shorting. With either connection the Black GROUND wire needs to be connected to a solid chassis ground. For vehicles with manual transmission, we recommend tapping +12V power from the reverse light.
