

Model:
ACGUARDIAN

POWERSPORT TRACKING

Peace of mind for powersport owners. Real-time GPS tracking and location security monitoring designed for land and marine environments. Protect your weekend fun or the dependable workhorse that gets the job done.

Get specialized features and reporting attributes tailored for powersports. Set alerts to notify you if your boat, bike, or quad is moving or towed when it shouldn't be. When stored and your powersport battery disconnected, the Guardian will go to sleep and last up to a year, only waking up to report if there's motion.

REAL-TIME GPS

Locate your vehicle from anywhere

WEATHER PROOF

Dust and water resistant protective case

ALERTS

Receive alerts via text or email for any activity

BATTERY SAVER

Near zero current draw with up to 1 year battery life

LANDMARKS

Set virtual perimeters; be notified of exits and entries

EASY INSTALL

Simple two wire installation
